General data:

Year of construction:	1994
number of manuals:	1
manuals:	C-c'''
system:	mechanical
Register:	1
Principle-base:	8
height:	250 cm
width:	156 cm
depth:	80 cm

remarks:

Very good condition.
Monthly cleaned and tuned each trimester.
The Carillon is made from a very good quality by the Dutch Builder Guido Bouwhuis in Diever and the weight is about 90kg divisible in 2 parts, easier for transportation. It's possible to hear and try the instrument in the church in Belgium.
