remarks:

Gemshorn pipes and Gedackt 8' great octave made in wood, following pipes in metal
Fifth 1 1/3 changed to flute 2' by moving the row of pipes on new foot boards.
Original foot boards available, the work is reversible.
Original decorative veil boards originally in a modern chopstick design are still available.
Motor and bellows outside the organ case.
The case can be opened or closed (swell effect)
The organ stands on a rollable platform.
The dimensions include the platform. Further detailed dimensions can be found in the sketch.

Organ was built for a residential building.

From 1995 to approx. 2000 it was used as a choir organ in the Maria-Königin church in Saarbrücken and since 2000
