General data:

Year of construction:	1984
number of manuals:	1
manuals:	C-d'''
system:	mechanical
stop action mechanism:	mechanical
Register:	4
Principle-base:	2
height:	175 cm
width:	100 cm
depth:	67 cm

disposition:

Pommer 8'
Rohrflöte 4'
Prinzipal 2'
Quinte 1 1/3'

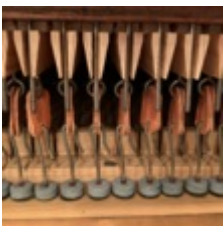

remarks:

This organ has strong and brilliant sound, so it can fill a small church or chapel. For use as a house organ, the volume would have to be significantly reduced.

The action is sensitive with a precise pressure point. In 2017 the organ was cleaned and overall in very good condition.

For transport, a carrying frame (see picture) is provided, so that the instrument can be moved without much effort.

Location: Greater Heidelberg/Germany
